

# COME HOME TO KDE

FOSDEM 2019 Campaign Creative

**"PEOPLE TRAVEL  
THE WORLD OVER  
IN SEARCH OF  
WHAT THEY NEED  
AND RETURN  
HOME TO FIND IT."**

You've been window-shopping for a long time, trying to find that perfect desktop environment - one that would be simple by default, but powerful when needed. You've heard people say that Plasma is slow and bloated. Perhaps you've tried Plasma before, but the experience wasn't exactly what you wanted.

Things change. People change. Software changes.

While you were out distro-hopping, we worked hard to make Plasma better for you. Come and see.

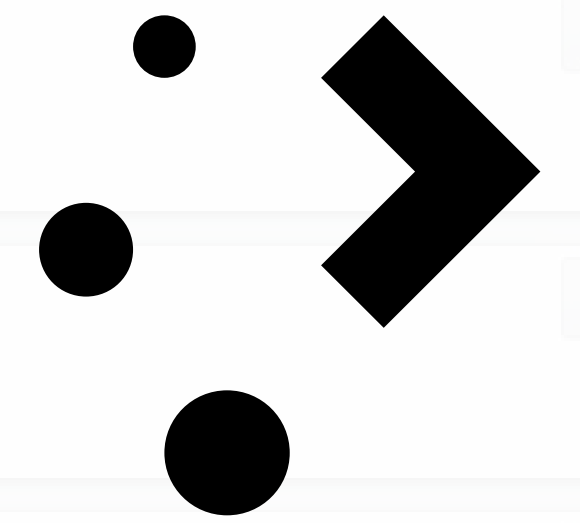

Make yourself  
comfortable.

Plates of food, including a salad and a bread roll, are also visible. In the background, several people are seated at the table, and a blue and white striped party horn is on the right.
